CITY OF CHINO HILLS RECYCLING AND ORGANICS COMMUNITY SURVEY

Chino Hills, CA – The City of Chino Hills is conducting a survey to understand the community's knowledge of recycling, organic waste, and the City's waste-sorting programs. The short survey is available online at www.chinohills.org/Recycling and includes questions about residents' knowledge of Senate Bill 1383, current waste-sorting habits, challenges to waste-sorting, and what additional resources may help residents better manage organic waste effectively. The survey will remain open through May 30 and will only take a few minutes to complete.

Participants who enter their email will have a chance to win a giveaway of Chino Hills merchandise! The winner will be announced on June 2, and the winner will be contacted directly. Responses will help shape future educational efforts and resources to help improve the City's compliance with state-mandated organic waste recycling. The City encourages all residents to participate and share their feedback. For more information, visit www.chinohills.org/Recycling.
