PUBLIC WORKS OPEN HOUSE EVENT ON TUESDAY, MAY 13

Chino Hills, CA – The City of Chino Hills invites the community to get a behind-the-scenes look and learn more about the services provided by the Public Works Department during an Open House event on Tuesday, May 13 from 4:00 to 6:00 pm. The event will take place in the roundabout outside City Hall at 14000 City Center Drive prior to the regularly scheduled City Council Meeting.

The City's Public Works Department plays a vital role in keeping Chino Hills safe, clean, and efficient. Public Works staff are responsible for the maintenance and operations of the City's water and sewer systems, streets, parks, storm drains, open spaces, trees, and more. City staff will be available to answer questions about ongoing projects, infrastructure, and the day-to-day work of the department.

Visitors and children can also get an up-close look at several large pieces of equipment used on the job including a boom truck, a hydro excavator truck, a remote-controlled mower, and a sanitation camera truck which is used to inspect sewer pipes. A large interactive water model will also be on display to demonstrate how rainwater is collected and stored in the City's underground aquifer system. This educational event is free and great for children and families of all ages. Free giveaways will be available while supplies last. For more information, please contact the Public Works Department at (909) 364-2800.
