SPEED LIMIT REDUCED ON BUTTERFIELD RANCH ROAD

The speed limit on Butterfield Ranch Road from Soquel Canyon Parkway to Pine Avenue has been reduced from 55 mph to 50 mph. New 50 mph speed limit signs have been installed in conjunction with the \$272,000 road improvement project that is underway on Butterfield Ranch Road. Crews recently completed roadway rehabilitation and applied a slurry overlay. Striping, stenciling, and the installation of traffic signal loops will be completed in the next few weeks. Funding for the improvements was provided by the Gas Tax paid by motorists. The project was scheduled to coincide with summer vacation to reduce the impact to motorists in the vicinity of Chino Hills High School.

In the coming months, speed limits will be lowered in eight additional locations. Butterfield Ranch Road is the first lower speed limit to be posted because new speed limit stenciling in the roadway is part of the road improvement project underway.

Speed limits are set based upon the 85th percentile which is the speed at, or below which, 85 percent of the traffic is moving. New Engineering and Traffic surveys were completed recently which resulted in lower speed limits on some roads. In most cases, speed limits were reduced to enhance safety due to accident history, proximity of schools or driveways, roadway curves, visibility, or roadway conditions.

A complete list of upcoming speed limit reductions is provided.
