CITY OF CHINO HILLS LAUNCHES DOG MICROCHIP REBATE PROGRAM

The City of Chino Hills has launched a dog microchip rebate program as a component of their “Getting 2 Zero” program that supports their goal to become a “No-Kill” community by January 1, 2016. Microchips help reunite lost dogs with their owners. Most vets, and some private residents, have equipment that can read the microchip to gain the dog owner’s information and return the dog home before they ever become a stray at the Inland Valley Humane Society & S.P.C.A. This rebate program was created in support of the City’s Resolution, adopted in November 2014, that requires dog microchips and reflects the City’s commitment to eliminate euthanasia of adoptable dogs.

The City will provide a rebate of up to \$30 for dogs that are properly licensed through the Inland Valley Humane Society, and registered to a Chino Hills address. The dog’s microchip must be registered with the microchip company and the expenses incurred after October 28, 2014. The rebate will be funded through the City’s General Fund as part of Animal Control Services.

Residents may bring their dog license paperwork, the microchip receipt dated after October 28, 2014, and proof that the microchip was registered with the microchip company, to the Neighborhood Services counter on the second floor at Chino Hills City Hall, 14000 City Center Drive. A rebate form must be completed and is available at City Hall or online at www.chinohills.org/MicrochipRebate. City Hall is open from 7:30 a.m. to 5:30 p.m. Monday through Thursday, and from 7:30 a.m. to 4:30 p.m. on Friday. The rebate will be delivered in the form of a check, mailed within approximately 15 working days. For additional information, please call (909) 364-2714.
