SUMMARY

Chino Hills deputies prevented two pre-dawn burglaries Monday, as a result of immediate response to reports of suspicious subjects, and arrested five people for attempted burglary and conspiracy to commit burglary.

Trayvean Waever, Terrell Small, Maurice Rossgoodson, Issac Metzemeier and a 17-year-old juvenile were arrested after they were knocking on doors and trying to remove screens from empty houses.

A resident called at 3:35 a.m. to report seeing several suspects in the neighborhood knocking on doors in the 3200 block of Olympic View. When deputies arrived on scene, four male subjects were seen fleeing the area on foot. The four suspects were found and detained, and a fifth suspect was found at a nearby park. The suspect's vehicle was also found, parked in close proximity.

During the investigation deputies found a starter pistol, which is essentially a revolver with a plugged barrel that renders it incapable of shooting live ammunition but looks like a functioning firearm. Detectives also uncovered evidence of a conspiracy between all the suspects to travel from the Yucca Valley area with the intent to commit burglary of empty homes in the Chino Hills area.

Residents are reminded to make proper arrangements with friends, neighbors or family members to have their residences maintained while on vacation. Be sure to have mail and newspapers picked up, or suspended to avoid obvious signs that nobody is home.
