JARROD MANUEL 2016 EMPLOYEE OF THE YEAR

Chino Hills, CA – Jarrod Manuel has been selected as the City of Chino Hills' Employee of the Year for 2016. He was honored by his fellow employees for always being willing to go above and beyond when doing his job. Jarrod was hired in January of 2008 as a Building Inspector. He was transferred to the Public Works Department to facilitate special projects during the economic downturn. In September of 2013, he was promoted to Facilities Supervisor and became responsible for the maintenance and operations of all City facilities.

Jarrod always has an enthusiastic "can do" attitude, which he spreads throughout the City as he handles a myriad of projects. Jarrod must address emergency situations at all hours of the day and night. He does so without complaint. He has excellent customer service skills, knowledge, and expertise. During 2016, he has been responsible for significant projects including the installation of grant-funded electric vehicle charging stations, and the development of a preventative and predictive maintenance program for the Government Center buildings to extend their operational life. He has started the multi-year project to improve the City's energy efficiency with the City-wide LED lighting project, and heating/air conditioning retrofits. He was instrumental in the dismantling of the original Civic Center including an auction which resulted in the buildings and other items being sold and repurposed. Jarrod and his wife Alaina have been married eight years. Their son Nathan is five years old. Jarrod enjoys family activities, playing the guitar, and working on music in his home studio.
