FACILITY RENTAL SYSTEM OFFLINE FOR SYSTEM UPGRADES SEPTEMBER 1st – 5th

Chino Hills, CA – The software system that coordinates all facility rentals for the City of Chino Hills will be upgraded during the first week of September, from the 1st to the 5th. The system will be offline for building rentals and park gazebo rentals. Staff will be unable to process any transactions related to facility rentals, including making changes to existing reservations, accepting payments, or adding new reservations. The class registration software is not affected during this September period. The final system upgrade is expected to occur during the first week of December when class registrations and facility rentals will both be offline in preparation for activation of the new software system. For additional information, please call (909) 364-2700.
