LOS SERRANOS NEIGHBORHOOD MEETING INFRASTRUCTURE UPDATE JULY 28th

Chino Hills, CA – The City of Chino Hills has scheduled a follow-up neighborhood meeting from 10:00 a.m. to noon on Saturday, July 28th to update the Los Serranos community on planned capital improvement projects. A presentation is scheduled at 10:00 a.m. at Los Serranos Country Club, 15656 Yorba Avenue. Attendees will learn how projects are planned, prioritized, and funded. This is the third in a series of meetings held in Los Serranos to provide information on neighborhood concerns.

“The Los Serranos community was developed in the 1920s when the rules in the County of San Bernardino were very different,” said Rad Bartlam, City Manager. “There were no requirements to build street lights, sidewalks, or even storm drains.” Chino Hills hadn’t become a City until 1991.

According to Mr. Bartlam, the Chino Hills City Council has been setting aside Community Development Block Grant Funds since 1999 to pay for basic infrastructure in the community. The first project was launched in 2005 after enough funds had been set aside. Mr. Bartlam said funding has also been secured through Safe Routes to School and Measure I – the half cent sales tax approved by voters. From 2005 to 2018, over \$19 million has been spent on basic infrastructure improvements in the Los Serranos community, with approximately half coming from City funds.

Public Works Director Nadeem Majaj will review a list of past projects and provide information about ongoing and future projects. For additional information, please call the City Manager’s Office at (909) 364-2610.
