RESIDENT INPUT SOUGHT ON HOUSING SURVEY AVAILABLE UNTIL AUGUST 30

Chino Hills, CA – The City of Chino Hills invites local residents to provide input relating to housing in Chino Hills by completing an online survey available at www.chinohills.org/CDBG. The survey will be available until Friday, August 30. Information collected is confidential and will be reported in combination with other survey responses, in summary format, to protect your privacy.

The opinions and perceptions of local residents are an important part of a fair housing study that is underway called the Analysis of Impediments to Fair Housing Choice. This study will help the City update its Consolidated Plan which assesses the current housing market, discusses characteristics of the City's population, identifies community improvement priorities, and outlines a five-year plan to fund and implement them. These plans are required by the U.S. Department of Housing and Urban Development (HUD) for the City to receive federal Community Development Block Grant (CDBG) funds.

For additional information, please call the Community Services Department at (909) 364-2717.
