TEMPORARY USE PERMIT INFORMATION & APPLICATION

For temporary construction office and temporary security office

OCCUPANCY

Placement of the structure on the site may not occur until after the setdown permit has been approved and issued. No occupancy or use of the structure is permitted prior to final inspection. Placement of the temporary unit on site prior to approval and issuance of permit may result in penalty fees and additional enforcement actions.

PERMIT EXPIRATION

The permit will automatically expire and will remain invalid if inspection is not called for within 180 days of date of issuance. The permit is issued for the duration of the construction period; however trailer must be removed prior to any certificate of occupancy. If construction permits expire, trailer must be removed from job site immediately. Failure to remove trailer at end of construction will result in NO CERTIFICATE OF OCCUPANCY. NO EXCEPTIONS.

REQUIREMENT CHECKLIST

- Pumping Contract: If the unit is self-contained and connection to the sewage disposal system is not possible due to project configuration or terrain, a copy of a pumping contract may be provided in lieu of connection to the system.
- One copy of a current California DMV registration (RV or travel trailer only.)
- Foundation plan & plot plan for set down permit. Foundation plan shall include seismic strapping. **Building permit is required.** (Fee can be paid at time of submittal or at time of permit issuance.)
 - Two (2) copies of each on 11" x 17" paper
 - One (1) PDF copy on flash/thumb drive only
- Water Contract: Drinking water must be provided to site, a copy of the service contract must be included.
- Site Plan: **One (1) scaled set on 11" x 17" paper & One (1) PDF digital copy on flash/thumb drive only**
 - Site plan must clearly indicate the following items:
 - Names, addresses and telephone numbers of the record owner, applicant and the person preparing the map.
 - Legal description and Assessor's Parcel Number of the property involved.
 - Location, width and names of streets and recorded easements on property. Locate all existing and proposed road improvements and driveway locations.
 - Dimension of property lines or boundary lines of project.
 - Location, size and use of all existing and proposed building, including dimension, square footage, distance from property lines, and building separations.
 - Show parking spaces in detail (each space to be 9' x 19'). Refer to the City Code for detailed information regarding parking requirements for your use and for handicap requirement.
 - Show loading zone/s, space/s to be 10' x 20', if required.
 - Indicate any unusual drainage or hilly terrain that might affect the building site, parking area of access by flow line arrows and contour lines.
 - If "T" Standard required, compute amount of building coverage, open space and sign areas.
 - Vicinity Map.

Applications and fees are subject to change. Please visit our website for the most current version of this application.
