Get a COVID-19 Test and Help Our Economy Open

Did you know that San Bernardino County’s ability to open certain sectors of the economy and keep them open depend on meeting certain criteria set by the State of California? These indicators include the number of tests conducted and positivity rates. If testing numbers go up, while keeping the percentage who test positive down, the County can avoid further restrictions from the State and reopen sooner.

San Bernardino County has significantly expanded COVID-19 testing over the past several months and is strongly encouraging residents to get tested, whether or not you have shown any symptoms of the disease. Studies have shown that many infected people show no symptoms, otherwise known as an asymptomatic carrier. That means that most of the people who carry the virus do not know it. It’s possible that thousands of infected people could unknowingly spread the disease. Make an appointment for a no-cost test at www.sbcovid19.com.

COVID-19 Pandemic

As we continue to navigate our way through the pandemic, remember to check official sources for the best information. The City of Chino Hills posts the latest information on our COVID-19 website page, including updates made at the County and State level. Remember that slowing the spread of COVID-19 will help keep our businesses and restaurants open! Wash your hands often, use a face covering, maintain six feet of physical distance, and limit gathering.

City Facilities & Library Closures

Veterans Day
November 11

Thanksgiving
November 26 & 27

Christmas Closures & New Year’s
December 24, 25, 28-31 and January 1
(City Hall & City Yard)
December 24, 25, 31, and January 1 (Library)

Martin Luther King, Jr. Day
January 18

Presidents’ Day
February 15

*Closures apply to City facilities and the Library unless noted in parentheses.

Residential trash collection will be delayed one day after Thanksgiving Day, Christmas Day, and New Year’s Day. City staff is available “on-call” to respond to emergencies on holidays and weekends by calling (909) 364-2860.
Checks in the amount of $5,000 were presented on October 1 to the first seven businesses to qualify for the CARES Act Microenterprise Business Grant. This special Community Development Block Grants funding is provided by the U.S. Department of Housing and Urban Development under the Coronavirus Aid, Relief, and Economic Security Act (CARES). Business owners do not have to repay these funds and may use them for rent, payroll, utilities, inventory, etc. The program helps businesses that were impacted by the COVID-19 pandemic. The amount of the award was doubled after the City received additional CARES funding.

James Horton, owner of Punch it Up Fitness, said, "We can't emphasize enough how much this really helps just to keep our business open. I was in tears... thank you to the City for all that you do. It's been tough and this relieves a lot of stress."

Please visit [www.chinohills.org/BusinessGrant](http://www.chinohills.org/BusinessGrant) or call (909) 364-2717 to learn more about future opportunities for CARES Act grants.

---

**Some Holiday Traditions Limited by COVID-19 Precautions**

The Chino Hills community has enjoyed gathering each year for a number of long-held holiday events. One community tradition, started by residents in 1991 and continued by the Kiwanis Club of Chino Hills, is the annual Chino Hills Boat Parade on Peyton Drive. After careful consideration, the Kiwanis Club has decided to move forward to plan the next boat parade in December of 2021! The Kiwanis Club wishes the community a happy holiday season! The City's annual Tree Lighting event is another favorite that will be postponed until next year. Feel free to stop by the breezeway at City Hall and take your holiday photo by our beautiful tree! Community Services staff have planned other enjoyable holiday activities this year! Please see page 16 to see what we have planned!
### Tree Recycling

Residents can recycle their holiday tree by chopping it up and placing it inside their “yard waste” container or by placing it on the ground next to their containers on the regular collection day. Tree recycling will be underway from Monday, December 28 through Friday, January 8. All decorations, tinsel, and the tree stand must be removed. Holiday trees larger than six feet tall must be cut in half to be eligible for pickup. Flocked trees cannot be recycled and must be chopped up and placed inside the trash container; or contact Republic Services at (800) 700-8610 for a bulky item pickup.

### Holiday Trash Schedules

If your regular trash collection falls on or after Thanksgiving Day, Christmas Day, and New Year’s Day, trash pickup will be delayed one day. Republic Services will be working hard to get caught up and back on the regular schedule. For a list of holidays that affect trash collection, visit [www.chinohills.org/TrashServices](http://www.chinohills.org/TrashServices).

### Order an Extra Recycling Container for the Holidays

Chino Hills residents may order an additional recycling container, at no cost, to handle the extra recyclable materials generated during the holiday season. Simply call Republic Services toll free at (800) 700-8610. In most cases, an extra container can be delivered within 10 days. There is a $7.37 per month charge if an additional “refuse” trash container is requested. Republic Services requires customers to keep extra containers for a minimum of six months or pay a service charge to have it picked up.

### Street Sweeping Parking Enforcement Takes a Holiday

Typically, the City does not issue street sweeping citations for a period of time around Thanksgiving and Christmas. When this publication went to press, the City was only issuing reminders! Due to COVID-19 and the number of people still working from home and helping kids with remote learning from home, the City was reminding residents to try to stay off the street on street sweeping day so the sweeper can do a more efficient job. Street sweeping helps our City comply with federal water pollution regulations to keep debris from entering our storm drains and polluting our water ways and the ocean.

But, for the record, the City will not issue street sweeping parking tickets during the Thanksgiving holiday from Thursday, November 26 through Friday, November 27. Enforcement will resume Monday, November 30.

This enforcement will also be suspended for the Christmas holiday beginning Thursday, December 17 through Friday, January 1. Sweeping enforcement will resume again on Monday, January 4. Other types of parking tickets may be issued during this time, as the citation-free period applies only to street-sweeping parking tickets.
Chino Hills resident Ray Ocampo has been selected as the City’s Highlighted Volunteer. Ray became a member of the Chino Hills Auxiliary Radio Team (CHART) in 2009. CHART is a City-sponsored group of licensed ham radio operators who provide emergency communications for the City of Chino Hills. Ray was awarded a 10-year volunteer service pin from the City of the Chino Hills.

Ray also volunteers for the San Bernardino County Sheriff’s (SBCSD) as a member of Citizens on Patrol (COP). COP volunteers serve as the eyes and ears of the Chino Hills Police Department. They conduct vacation checks and also patrol neighborhoods, parks, and open space areas to look for criminal activity and graffiti. They assist the Police Department with traffic control, community events, and various special enforcement operations.

After four years of volunteer work, Ray now serves as the Vice Commander of the group. In 2018, he was recognized as the SBCSD Citizen on Patrol of The Year. Ray noticed an increase in petty crimes in his neighborhood and joined with others to organize a Neighborhood Watch group. Ray was selected to serve as the Neighborhood Watch captain. Ray also hosted National Night Out (NNO) events in his neighborhood for the past two years.

Ray says that volunteering provides the satisfaction of giving back to the community and allows him to set an example for his children. His family enjoyed improvements made by the city over the years that enhanced their quality of life. “My family enjoyed everything that Chino Hills offered. All of our children left for college, came back from other cities with their own families, and planted their own roots here in Chino Hills,” he said.

Ray moved to Chino Hills in the mid-1990s. He and his wife, Bing, have been married for 46 years. Their two sons, two daughters, and six grandchildren all live within four miles. During his free time, he enjoys gardening, Bonsai propagation, woodworking, traveling to other countries, and photography. Ray is also active in shooting sports and has been a competitive shooter since 1962. He has been to several international shooting competitions and is an active member of the Los Angeles Rifle & Revolver Club, California Rifle & Pistol Association, National Rifle Association, and the USA Shooting Organization. Ray retired in 2015 as a Federal Security Officer in the Department of Homeland Security.
Blood Drives on Tuesdays at Government Center

The City of Chino Hills will host blood drives on Tuesdays from 1:00 to 6:00 p.m. through the end of 2020 at the Government Center parking lot, located at 14077 Peyton Drive. Blood donors must show valid photo identification, be at least 15 years old, weigh 110 pounds, and be in general good health. Minors (ages 15-17) must provide a completed parental consent form, available at www.lstream.org. If volunteers meet eligibility requirements, about one pint of blood will be collected. Blood donors should drink plenty of decaffeinated liquids prior to donating. Medical personnel will check donor’s temperature, blood pressure, pulse, and iron level. Appointments are accepted and walk-ins are welcome. Call (800) 879-4484 or visit www.lstream.org to reserve a time.

LifeStream is testing for antibodies to SARS-CoV-2 as a benefit to donors. This test shows whether you have been exposed to the virus. LifeStream staff will be using personal protective equipment and all donors are required to wear face coverings. For more information on the steps LifeStream Blood Bank is taking to maintain safety for donors, patients, employees, volunteers, and hospitals, visit www.lstream.org/covid-19.

Get the Flu Vaccine!

It is important to get the flu vaccine every year, but it is especially important to get the shot this year. It is very likely that flu viruses and the virus that causes COVID-19 will both be spreading this fall and winter, possibly causing a “twindemic.” A flu vaccine this season can also help reduce the burden on our healthcare systems responding to the COVID-19 pandemic and save medical resources to care for COVID-19 patients. Protect yourself, your family, and your community and get the flu shot. Visit https://wp.sbcounty.gov/dph/flu/ for information on free flu vaccines offered by San Bernardino County.

Passport Services Closed
December 7 to January 1

Passport services will not be available from Monday, December 7 to Friday, January 1. Services resume on Monday, January 4. Passport services are by appointment only, at the City Clerk’s Office on the second floor at City Hall, 14000 City Center Drive. Appointments are available from 8:00 a.m. to 4:00 p.m. Monday through Thursday, and 8:00 a.m. to noon on Friday. Visit www.chinohills.org/Passports or call the passport hotline at (909) 364-2607 to schedule an appointment. Walk-in services are not available. Customers should be ready with a completed application and the necessary documentation at their appointment or they may be required to reschedule. Additional information is available at www.chinohills.org/Passports.

According to the U.S. Department of State, Expedited Service is not available at this time. Please visit www.travel.state.gov for more details. The passport application fee must be paid by check or money order made payable to the U.S. Department of State. Customers may pay passport execution and photos fees with a credit or debit card. A 2.5% convenience fee will be charged for credit/debit card transactions. To avoid the charge, customers may pay by check or money order.
Try New OmniRide On-Demand Service Similar to Uber or Lyft

Need a ride? Omnitrans has you covered! Chino Hills residents can take advantage of Omnitrans’ newest public transportation service, OmniRide! This reservation-based, on-demand, shared transit service is similar to Uber and Lyft. OmniRide replaces OmniGo Route 365 and provides Chino and Chino Hills residents with a convenient way to get around the community! For only $4 per trip, individuals can reserve a trip any time between 6:00 a.m. to 8:00 p.m., Monday through Friday. The rate is $2 for riders who are disabled, senior (62+), on Medicare, or military veterans. Trips may be reserved using the free OmniRide On-Demand mobile app (available in the Apple App and Google Play stores) or by calling (909) 383-1680. Trips may be paid for using a credit/debit card within the booking app or with exact cash when your vehicle arrives. Each fare includes an Omnitrans 1-day pass for unlimited use and transfers to all Omnitrans services on the selected day of travel. OmniRide uses Ford transit vans to safely accommodate passengers, including people with disabilities traveling with a mobility device. When booking a trip, the closest pick-up and drop-off locations will be listed as “Virtual Stops,” typically a nearby intersection. These virtual stops are set locations throughout the community that will be recommended based on your trip origin and destination. OmniRide does not provide door-to-door transportation unless you are a verified disabled rider. If you require door-to-door transportation, select “Discounted Accessible Seat” when booking your trip. To plan your trip, to learn about the OmniRide service area, or how to receive the discounted fare for people with disabilities, visit www.omnitrans.org/omniride/.

CVFD Community Connect

The Chino Valley Fire District has launched a free online self-reporting program called Community Connect! The program allows residents to share critical information about their household prior to an emergency in order to help Fire District personnel and other public safety agencies respond more efficiently and effectively to incidents or major disasters.

Community Connect is a secure and easy-to-use application. Residents create a profile and are able to decide what information they want to share. Entering information like best points of contacts in an emergency, if there are any pets, or if any family members have mobility or functional needs, will help first responders. Data provided by residents is 100% secure and is used only for the purpose of better service to the resident during emergency situations. For more information about Community Connect or to create your own profile, please visit: https://www.communityconnect.io/info/ca-chino. Please call (909) 902-5260 if you have questions.
Report Power Outages to SCE

When the power goes out in your neighborhood, Southern California Edison (SCE) may NOT be the first to know! There is no giant map of the grid which suddenly goes dark if the power goes out! If the power goes out at your home, visit www.sce.com/outage. First, click “View Current Outages” to check for outages in your area. Next, click on “Report an Outage” and follow the prompts. The prompts also allow you to request text message or phone call updates on the outage. Reporting the outage quickly can help SCE restore power more quickly.

Public Safety Power Shutoff Outages

The outage section of the SCE website also explains Public Safety Power Shutoffs (PSPS). When there is a high risk for wildfire such as high winds and low humidity, SCE may temporarily shut off power to areas to prevent the electric system from becoming the source of ignition of a wildfire. These outages can last as long as high fire risk conditions continue. Customers may check the PSPS map in the SCE Outage Center and enter an address to determine if they may be impacted by a PSPS. Additional background on PSPS outages and preparedness tips may be found at www.sce.com/wildfire. Be sure to update your contact information for SCE in order to be notified if your area is being considered for a PSPS. A great first step to prepare is to keep a charged power bank or portable cell phone charger to be ready to charge your cell phone in the event of an outage.

View the Preparedness Webinar

The City recently conducted an Emergency Preparedness Webinar via Zoom. Power outages and other important preparedness topics were covered. Visit www.chinohills.org/Preparedness to view the 90 minute presentation at your convenience.

Safe Return Program Helps Special Needs Individuals Return Home

The San Bernardino County Sheriff’s Department (SBCSD) offers residents the opportunity to participate in the Safe Return program which serves people with developmental disabilities and/or medical conditions that increase their risk of wandering off or becoming lost. The benefits are significant in situations where an individual with Dementia leaves home unexpectedly, or, if a person with Autism has an interaction with a Chino Hills Police officer and cannot communicate important information.

If someone in your family or in your care has special needs, you may register the person online for the program. An email is required to set up an account. To enroll an individual, you provide information including emergency contact information, a detailed physical description, the person’s home address, a photo of the individual, known routines, favorite attractions, and the special needs of the individual. To learn more about this program, visit www.sbccounty.gov/Sheriff/SafeReturn or call San Bernardino County Sheriff’s Department, Public Affairs Division, at (909) 387-3700.
McCoy Holiday Lights

Join us for some Holiday Cheer!

McCoy Equestrian Center
Drive-Thru Display
14280 Peyton Drive

December 5, 12, 19, 20
